Hi Karen,

Laura Luna (Filatoff) called from the Police Department relative to this donation from Zine to the Police Department. ♦It's \$30,000 for the purchase of equipment. ♦The source of funds is not clear from the documents submitted by the Police Commission but Laura is stating that the ♦funds are coming from Zine's salary account. ♦If that is the case, we would need some instruction to transfer the funds. I am not sure it would need to be part of the Council action as the dollar amount is under the transfer threshold but in the event that this is a salary transfer, we would need the confirmation. ♦

Does your office have any knowledge of this? ♦I am approaching you first but am also willing to contact Zine's Office directly, if you think that best. ♦Let me know what your thoughts are.
